

## MISSION

### GIVING HOPE WHEN LIFE HAPPENS

A sudden death or major illness is something we are never fully prepared to face. Pest control industry members are often the single income sources for their families and during a time of tragedy our members take care of each other. The Hands United Foundation began with the GPCA Leadership Class of 2017. It can only continue with your help.

### WHAT KIND OF HELP IS AVAILABLE?

When a catastrophic event occurs, families often do not have sufficient resources to provide basic needs. Accommodation and travel costs, food, and clothing are just a few examples. Every application is considered by the Hands United Board of Directors. Scan the QR code below to make a donation and a difference!

## ABOUT US

The Hands United Foundation is a nonprofit organization with a goal of extending their reach of support across all generations. The foundation was created to relieve hardship among those in the pest management industry. Your contributions directly benefit members of the Georgia Pest Control Industry during life changing events.
